### Music History & Literature and Music Theory Entrance Proficiencies

All new students are required to show proficiency in Music History & Literature and Music Theory. The proficiencies may be satisfied in any of the following ways:

1. Students may take and pass the entrance exams. Students must take the exams at the beginning of their first semester of enrollment; they may take them for a second time in their second semester. They may not take them again, nor may they take them after their second semester of enrollment. (Note that this includes summer sessions in which students are enrolled. Exams are ordinarily given in the week before classes begin each semester.)

2. Students should begin enrolling in review courses from which they are not exempted by examination as soon as possible; otherwise completion of the degree may be delayed as T508 and M541-M542 serve as prerequisites to the master’s core requirements. The review courses are not offered every semester.

The MM in Theory requires a High Pass in T508 and T511.

#### Keyboard Proficiency Examination

All music graduate students must pass a keyboard proficiency examination. This exam is designed to ensure the student's ability to use the keyboard as a tool within the framework of professional activities, and the requirements vary according to level and area of music study. This exam may be repeated as many times as necessary to show proficiency. The exam is offered at the end of each term. Students may enroll in secondary piano lessons as preparation for the exam.

#### Performance Proficiency

Demonstrate in person to a faculty auditioning committee a minimum level of music performance ability equivalent to the end of the fourth year for concentration undergraduate students in that area. Failure to meet the required level will automatically indicate probationary status and will require additional music performance study or other remediation in each period of enrollment as a prerequisite to the desired degree.
