2. six credit hours in one field outside of the JSoM, with approval of the graduate advisor in that department and the Director of Graduate Studies in the JSoM; or
3. six credit hours within or outside the JSoM, with approval of the Director of Graduate Studies in accordance with departmental guidelines. For this option, called an "individualized outside area," the courses must fit a specific theme or emphasis; a written proposal is required. To declare an Outside Area, students must complete an Outside Area Approval Form, acquire the appropriate signature, and submit the form to the Graduate Office.

### Comprehensive Review

Prior to graduation, all master's degree students must pass an oral or written examination. It is the responsibility of the student to consult with the major field department to ascertain the procedures established within that department. This consultation should be accomplished within the first year of residency.

### Keyboard Proficiency Examination

All music graduate students must pass a keyboard proficiency examination. This exam is designed to ensure the student’s ability to use the keyboard as a tool within the framework of professional activities, and the requirements vary according to level and area of study. This exam may be repeated as many times as necessary to show proficiency. The review courses are not offered every semester.
