Keyboard Proficiency Examination

All music graduate students must pass a keyboard proficiency examination. This exam is designed to ensure the student’s ability to use the keyboard as a tool within the framework of professional activities, and the requirements vary according to level and area of music study. This exam may be repeated as many times as necessary to show proficiency. The exam is offered at the beginning of each term. Keyboard proficiency requirement may be satisfied by passing the examination at any of the times it is offered or by receiving a grade of B or higher in T508 and T511.

Performance Proficiency

Must demonstrate a minimum level of music performance ability equivalent to the end of the second year for elective undergraduate students in that area. Students who successfully completed a senior or graduate recital as part of a Bachelor of Music or Master of Music degree in a performance area as defined in the JSoM Bulletin no more than three years prior to the date of matriculation will be considered to have met this requirement. For other students, proficiency may be demonstrated in any of three ways: 1) in person before a faculty auditioning committee, one voting member of which shall at the student's request be a faculty member in the student’s major area; 2) by completion of performance study as a graduate outside area or minor; or 3) by two semesters of performance study as a graduate elective. The grade in each semester of performance study must be B or higher. Option no. 1 (auditioning before a faculty committee) may be used only during the first two semesters of enrollment. Students should consult the appropriate performance department chair for detailed information on the required level.

Student’s Responsibility: Students have a threefold responsibility: 1) to know and satisfy the graduation requirements stated in the Jacobs School of Music Bulletin; 2) to know their academic standing based on the academic standards stated in the JSoM Bulletin; and 3) to know and observe all regulations and academic calendar deadlines as stated in the Schedule of Classes, the JSoM Bulletin, and the student handbooks. Faculty and staff advisors assist students in planning a program of study to meet degree requirements, but students are responsible for meeting all requirements for their respective degrees and all announced deadlines.

An Outside Area may become a minor if 12 credit hours are taken in that field.

**Comprehensive Review**

Prior to graduation, all master's degree students must pass an oral or written examination. It is the responsibility of the student to consult with the major field department to ascertain the procedures established within that department. This consultation should be accomplished within the first year of residency.
